

Akash Rajesh Marodkar

Amravati, Maharashtra, INDIA • (+91) 7972361753

• akashmarodkar369@gmail.com

To secure a challenging position in a tech-driven environment, aiming to enhance my technical skills while contributing to innovative projects and solving complex problems.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science & Engineering

P. R. Pote (Patil) College of Engineering & Management, Amravati

Sant Gadge Baba Amravati University (SGBAU)

Status: Pursuing (6th Semester)

CGPA/Percentage: 61% (up to 5th Semester)

Expected Graduation: 2026

Higher Secondary Certificate (HSC)

Arunodaya Junior College of Science, Amravati

MSBSHSE | 74% | 2022

Secondary School Certificate (SSC)

Arunodaya English School, Amravati

MSBSHSE | 73% | 2020

TECHNICAL SKILLS

- Programming Skills: C, Python, SQL.
- Designing Language: HTML, CSS, React.
- Database : MySQL , MongoDB

INTERNSHIP

- Python for Data Science – NPTEL (Conducted by IITs, Govt. of India)
- Data Engineering Virtual Internship – AICTE & Eduskills (Govt. of India)
- Data Science Master Virtual Internship – AICTE & Eduskills (Govt. of India)

- Web Full Stack Developer Virtual Internship – AICTE & Eduskills (Govt. of India)
- Python Full Stack Developer Virtual Internship – AICTE & Eduskills (Govt. of India)

PROJECTS

Employee Management System

- Technologies: Python, MySQL.
- Developed a Python-based Employee Management System to efficiently manage employee records using a MySQL relational database.
- Implemented CRUD operations (Add, View, Update, Delete) through a menu-driven console interface.
- Used MySQL Connector/Python to connect the application to the database and execute SQL queries.
- Designed structured database tables with primary keys to ensure data integrity and consistency.
- Applied exception handling and input validation to enhance reliability and user experience.

Library Management System

- Technologies: Python, MySQL, MySQL Connector/Python
- Developed a Library Management System to track books, members, and borrowing records.
- Implemented CRUD operations for adding books, registering members, issuing and returning books.
- Used MySQL Connector/Python to connect Python with MySQL database.
- Ensured data integrity with primary keys, foreign keys, and validation checks.

LANGUAGE PROFICIENCY

- ENGLISH
- HINDI
- MARATHI

I hereby declare that the information provided above is true to the best of my knowledge and belief.
